

Your
concepts
define the
scope of your
experience and
possibilities.
You are not able
to “breathe”
underwater
since you lack
a concept for it.

THE WHEEL OF DEATH

HAVE US BE GROWING LICHEN,

A SLOW READING,

MOVEMENT MEDITATION,

A WALK-THROUGH

WHY A LICHEN-EATING REINDEER

IS PART OF THE COMPOSITE BODY OF LICHEN

AND EVEN MORE SO

AS THE BOREAL FORESTS IN WHICH LICHENS GROW

ARE BEING CLEAR-CUT FOR PAPER PULP,

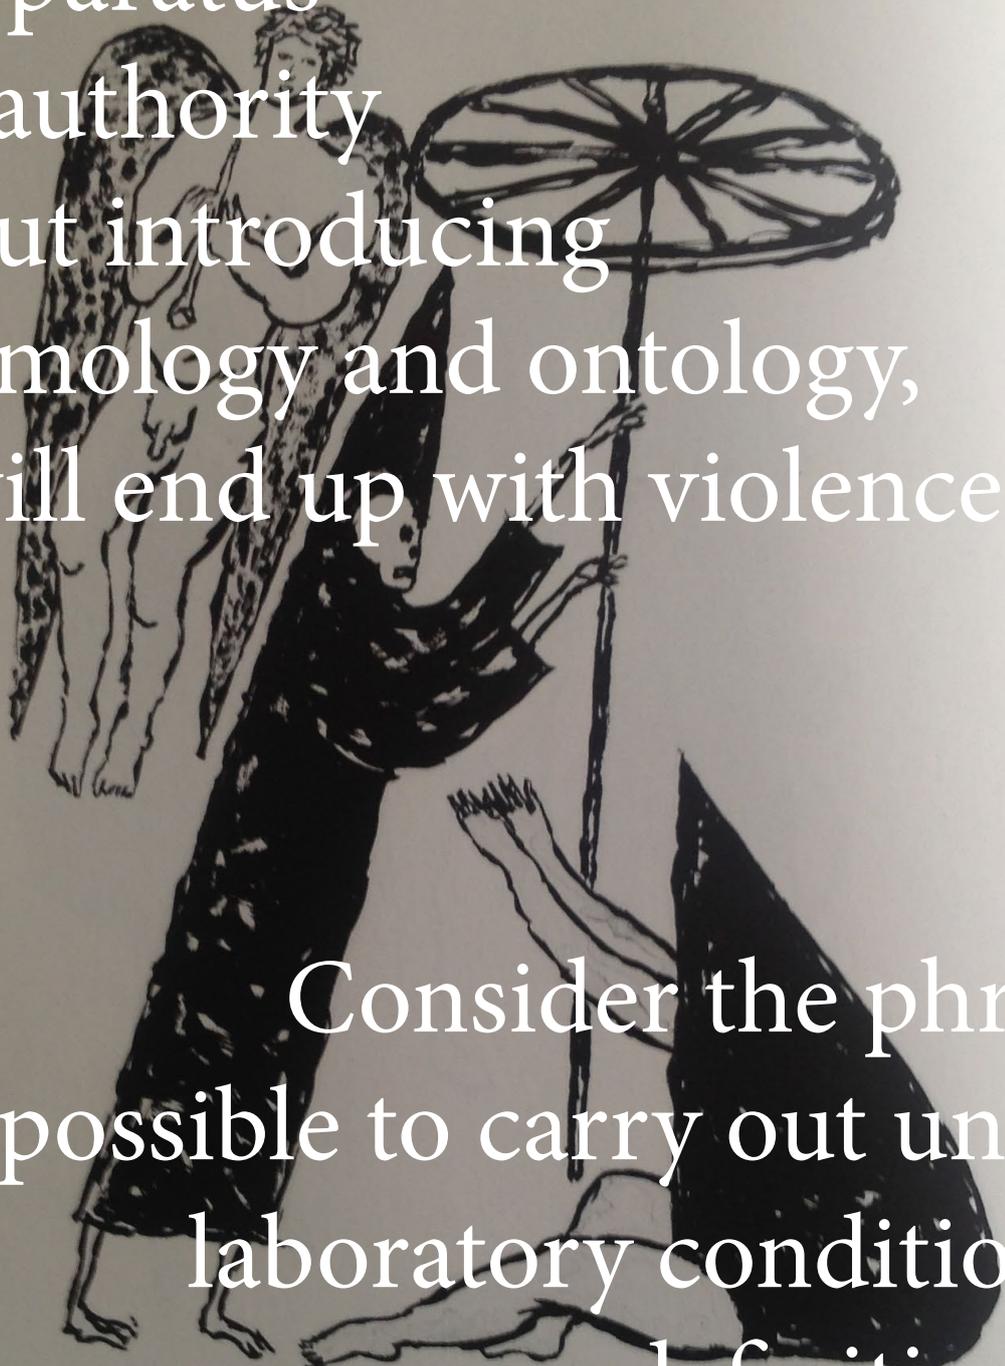

EXPOSING PEOPLE AS THE SOCIOPATHIC COMPONENT

OF THE FOREST/REINDEER/FUNGI/ALGAE/HUMAN

HOLOBIONT,

AS ONE OF THE INALIENABLE PRACTICES.

If you accept
the apparatus
as an authority
without introducing
epistemology and ontology,
you will end up with violence.

Consider the phrase
“impossible to carry out under
laboratory conditions”
as a definition of
“life”
and a domain of
artwork.
